Elementary Students take Spanish once a week every other week. The students learn basic vocabulary and become familiar with the culture and the language. We sing, we write, we read, we get to try foods, we use the computer, and we play games. It is amazing to see how quickly they learn when they are young!

Basic Spanish is offered to the 6th graders. In this class, they are introduced to the Spanish culture and they learn some basic vocabulary: greeting expressions, numbers, telling time, body parts, days of the week, and months of the year. In addition, they are introduced to some basic grammar rules. This is a fun class to help the students become familiar with the Spanish language!

Special Events For Spanish

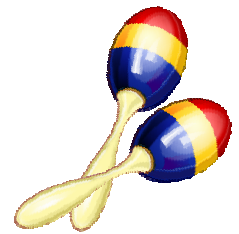

- Trip to Guadalajara Mexican Restaurant
- "Dia de los muertos" on November 1st & 2nd
- Mexican Christmas Traditions in December
- Cinco de Mayo on May 5th

Intermediate Spanish class is for students in 7th & 8th grade. In this class, I speak in Spanish some of the time and they have opportunities to speak and practice their pronunciation. They learn new vocabulary and grammar rules at an easy pace.

Spanish Preparatory class is for students in 7th & 8th grade. In this class, they will prepare to take Spanish I in the High School. The students increase their vocabulary and learn to conjugate **ar, er, ir** ending verbs in the present tense.
